NOTICE OF CLARIFICATION REGARDING ALTERATION OF LIST / RECORD ACCURACY

Date: 6 February 2026

1. This Notice is filed for the limited and neutral purpose of preserving accuracy of the Court record and avoiding any potential prejudice arising from an unexplained alteration or discrepancy concerning a list of parties and/or materials referenced in the proceedings.
2. The Claimant has identified that a version of the relevant list differs from the version originally filed and relied upon earlier in the proceedings. The alteration appears administrative in nature, but its provenance is not presently clear on the face of the record.
3. For the avoidance of doubt, the Claimant does not allege bad faith, impropriety, or motive on the part of any party or office. This Notice is brought solely to ensure that the Court's consideration proceeds on a clear, complete, and uncontested factual footing.
4. Accordingly, the Claimant respectfully seeks clarification only as to:
 - (a) who made or authorized the alteration;
 - (b) when the alteration occurred; and
 - (c) under what authority or process the alteration was made.
5. This clarification is sought to assist the Court and to ensure that any determination is not later said to have relied upon an unclear or incomplete version of the record.
6. In parallel, and in order to avoid unnecessary burden on the Court, the Claimant has also sought administrative clarification directly from the relevant office.
7. The Claimant defers entirely to the Court as to whether any clarification is required and remains content for the Court to proceed in such manner as it considers appropriate and proportionate. No finding, sanction, or relief is sought beyond the clarification described above.

Respectfully submitted,
