

FINAL CRIMINAL COMPLAINT BUNDLE (NON-POLITICAL)

Submitted by: Alkiviades David

To: Criminal Investigations Department, Antigua and Barbuda

NON-POLITICAL DECLARATION AND BASIS OF COMPLAINT

This complaint is made strictly on a non-political basis.

It does not concern, and is not motivated by any political affiliation, political party, or electoral dispute.

This matter is grounded solely in the rule of law, the integrity of judicial proceedings, and protection from unlawful defamation and interference.

The individuals referenced are included only insofar as their actions intersect with the evidence presented, not by reason of political roles.

For the avoidance of doubt, this matter is a criminal and evidentiary issue, not a political one.

Any attempt to characterise this complaint as political would itself form part of the interference being reported.

EVIDENCE OF PUBLIC DEFAMATION AND INTERFERENCE

A recorded broadcast contains statements alleging that the proceedings are fabricated, a fishing expedition, and designed to extort.

These statements were made publicly and are demonstrably false in light of ongoing legal proceedings and court records.

The timing coincides with restrictions on filings and ongoing litigation.
