

## SWISSX ISLAND

St. John's, Antigua and Barbuda

**Date:** 26 March 2026

**To:** Criminal Investigations Department (CID), Royal Police Force of Antigua and Barbuda  
**CC:** Commissioner of Police; Director of Public Prosecutions; Registrar, Eastern Caribbean Supreme Court; Metropolitan Police Service (UK); Solicitors Regulation Authority (FAO: Kristy Price); Sir Barry Cotter KC (Special Master, King's Bench Division, High Court of Justice, England and Wales)

Dear Sir/Madam,

Please find attached:

1. My formal Voluntary Statement on SwissX Island letterhead;
2. A comprehensive Investigative Dossier; and
3. A Preliminary Dossier to guide review of the evidence.

The Preliminary Dossier is intended to assist CID in navigating the structure of the evidence and identifying the principal issues requiring urgent attention. The full dossier and supporting bundle contain the complete evidential record.

These materials relate to High Court Claim No. ANUHCV2025/0149 and associated cross-border matters involving Antigua, the United Kingdom, and the United States.

I respectfully request that CID consider opening a formal investigation into:

- Possible alteration or interference with official court records
- Wilful non-compliance with court process and contempt-related conduct
- Public misrepresentation and defamation affecting ongoing proceedings
- Evidence of threats, attempted intrusion, or intimidation
- Any related misuse of legal or governmental process

Given the cross-border nature of these matters, I invite consideration of liaison with relevant UK authorities, including the Metropolitan Police Service and the Solicitors Regulation Authority.

I confirm that I will attend CID in person and provide the full physical bundle of evidence, including original materials.

I respectfully request:

1. Acknowledgment of receipt
2. Assignment of a CID reference number
3. Confirmation of any designated investigating officer

I remain fully cooperative and available at all times.

Yours faithfully,

Alkiviades (Alki) David
