**Legal Status:** Government-validated environmental, carbon allocation, and import instrument.

# BEARER CARBON ALLOCATION CLAUSE

This instrument shall be treated as a bearer-style environmental asset certificate.

Ownership is vested in the physical holder or registered wallet holder of this document or its associated digital token.

The bearer has full rights to transfer, assign, trade, or redeem the associated carbon allocation within the SwissX Carbon Union Exchange.

Transfer of possession constitutes transfer of beneficial ownership, subject to applicable laws and registry controls.

This instrument may be digitized and linked to a wallet address at [wallet.swissx.com](https://wallet.swissx.com) for verification and asset control.
