Sir,

This document is submitted as a consolidated evidentiary dossier in support of ongoing proceedings. It is provided to assist the Court in understanding the broader evidentiary context surrounding systemic media distribution practices and safeguarding concerns.

The Applicant respectfully emphasizes that this submission is not intended to expand the scope of the proceedings beyond what is properly before the Court, but rather to ensure that material evidence and contextual patterns are not overlooked.

In particular, the opening exhibit demonstrates the nature of searchable exposure pathways within media systems, which forms a central concern of this submission.

The Applicant respectfully seeks:

1. Preservation of all relevant evidence;
2. Consideration of safeguarding implications;
3. Any directions the Court considers appropriate.

The Applicant remains at the Court's disposal for any clarification required.
