

SWISSX ISLAND
St. John's, Antigua and Barbuda

Date: 26 March 2026

To:

The Chief Immigration Officer
Immigration Department
Antigua and Barbuda

RE: REQUEST FOR REGULARISATION OF STAY – Mr. Alkiviades (Alki) David

We write on behalf of SwissX Island, Antigua and Barbuda, in relation to Mr. Alkiviades (Alki) David, who is currently present in the jurisdiction and actively engaged in ongoing business, legal, and investment matters connected to SwissX operations. Mr. David acknowledges that he has overstayed his permitted period of entry by approximately three (3) months. This overstay arose from the necessity of his continued presence in Antigua in connection with active High Court proceedings, the protection and management of substantial assets and investments within the jurisdiction, and his position in relation to the Antigua and Barbuda Citizenship by Investment Programme (CIP), in which significant funds have already been invested. We further respectfully note that Mr. David is a severely disabled individual who relies on the daily care and assistance of his wife, Mrs. Shiley Hinton-David. His continued presence in Antigua is essential to his personal stability, the proper management of his affairs, and his effective participation in those legal and administrative processes. In addition, Mr. David bears direct responsibility for the care and welfare of over 100 animals, the majority of which are rescues from abuse, neglect, or abandonment. He remains under a continuing duty to provide them with feeding, shelter, medical care, and protection. These responsibilities cannot readily be transferred, and cannot be abandoned without causing serious harm to the animals. Throughout his time in Antigua, Mr. David has acted in good faith and with full respect for the laws of Antigua and Barbuda. He now seeks to regularise his immigration status and ensure full compliance going forward. He is prepared to pay any applicable fees or penalties and to furnish any additional documentation or information the Department may require. Accordingly, we respectfully request that the Department grant an extension of stay, temporary residency, or such other permission as the Department considers appropriate. SwissX Island remains fully committed to its ongoing investment, operations, and long-term contribution to Antigua and Barbuda, and we are grateful for the Department's kind consideration of this request.

Yours faithfully,

For and on behalf of SwissX Island

Alkiviades (Alki) David
