

EXHIBIT S-1 (ADVANCED): STRUCTURAL EVIDENCE MODEL

Operational Flow of Evidence Control and Asset Exposure

LAYER	KEY ACTORS / FUNCTION
MEDIA / NARRATIVE	Fox, Studios, Press (Reputation & Narrative Control)
LEGAL CONTROL	Boies, Girardi, Allred, Shapiro (Litigation & Representation)
ENFORCEMENT	Pellicano, Chora (Pressure & Enforcement)
FINANCIAL / ASSETS	Burkle, Leventis, Peretz (Asset Control & Transactions)
TARGETS / VICTIMS	IP Holders, Families, Kapon Jnr & Mother

Observed Operational Flow:

- 1 1. Target identification (IP holders, high-value individuals, families)
- 2 2. Isolation and control of relationships and advisory structures
- 3 3. Legal pressure and representation breakdown
- 4 4. Non-presentation or withholding of material evidence
- 5 5. Media narrative development and reputational pressure
- 6 6. Exposure and exploitation of assets (IP, property, financial interests)
- 7 7. Enforcement actions based on incomplete evidentiary record

This exhibit is provided as a structural model to assist the Court in understanding the environment in which evidentiary omissions, representation failures, and asset exposure may have arisen. It does not invite findings of liability but supports the Appellant's submission that the underlying record is materially incomplete.
